Fifth Circuit Voter ID Statement

LUBBOCK, TX - Below is Sen. Charles Perry's statement regarding the recent Fifth Circuit ruling regarding Texas' Voter ID Law.

"Today an unelected federal court struck down key components of Texas' Voter ID law against the will of the people. I was proud to co-author this law as a Freshman legislator and fought hard for its passage.

In the upcoming session, I am confident we will be able to craft legislation in compliance with the court's findings to ensure we meet constitutional requirements while protecting election integrity at the ballot box."
